

Iron Road Healthcare
2022 Comprehensive
Challenger, 60/30+, and ERMMB
(non-Medicare)

What is the Iron Road Active & ERMMB plans formulary?

A formulary is a list of covered drugs selected by Iron Road Healthcare in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Iron Road will generally cover the drugs listed in our formulary if the drug is medically necessary, filled at Depot Drug Mail, home delivery or a participating retail network pharmacy, and other plan rules are followed. Maintenance medication, which is medication taken for greater than one month, must be filled at Depot Drug Mail or OptumRx home delivery to be covered. Acute medication such as antibiotics and pain medication can be filled at participating retail network pharmacies.

The best way to order your refills from Depot Drug Mail is through the Iron Road website 7 days a week at: ironroadhealthcare.com. After logging into the website, click on order Rx refills. You will have the option to receive your prescription notifications and correspondence by email for your convenience. You can call the toll-free automated phone system from 4 AM to 11 PM, Mountain Time, Monday through Friday at 1-800-547-0421 to order your refills. Your physician can electronically prescribe (e-Prescribe) to Depot Drug Mail Pharmacy or fax your new prescription to us at 801-595-4440. You may also mail new prescriptions directly to the Depot Drug Mail Pharmacy at: Depot Drug Mail Pharmacy, PO Box 161020, Salt Lake City, UT 84116-1020.

If you reside in one of the states listed below, please use OptumRx home delivery for your mail order pharmacy needs. If you need to set up services with OptumRx home delivery you can call 1-800-880-1188 or visit www.optumrx.com.

ERMMB Retiree Plan Benefits

Remember that the ERMMB plan members have a \$1,700 annual prescription drug benefit cap. This amount is applied to the lifetime benefit cap. The cost for Tier 5 specialty drugs does not apply to the prescription drug yearly cap; but they are applied to the lifetime benefit cap.

The cost of these drugs will not accumulate toward your out-of-pocket maximums.

Can the formulary (drug list) change?

This formulary can change at any time. When a generic drug becomes available the name brand drug will move to a Tier 4, and applicable copayments will apply. If a change is made to the formulary and it adversely affects your coverage, Iron Road will notify you in writing of the change and allow time for you to discuss the change with your physician.

What are formulary control mechanisms?

Some medications have formulary control mechanisms put in place such as prior authorizations, quantity limits, or step edits to help assure that medications are used correctly and safely.

- Prior authorizations are placed on medications to verify that all the criteria necessary to use the medication has been followed and that the medication is not being used for diseases that have not been approved by the FDA. Prior authorizations are put in place to help assure your safety and that proper procedures are followed. Prior authorizations are completed by OptumRx at 1-800-626-0072.
- Quantity limits are placed on medications to assure that you do not exceed maximum doses as established by the FDA and/or other regulating entities.
- Step Therapy edits are placed on medications so that proper medications are used in the correct sequence.

To get updated or detailed information about the drugs covered by Iron Road please visit our website at www.ironroadhealthcare.com.

What if my drug is not on the formulary?

Iron Road includes many medications for most disease states. If your specific medication is not on the formulary, talk with your physician to find one that is listed on the formulary. Most drug categories have several medications that work the same way and you should try a medication that is listed as a Tier 1, 2 or 3 for a lower copayment. Tier 4 medications will have a much higher copayment. There are medications for some disease states that are not covered by the plan. Examples would be medications for weight loss, vitamins, or infertility. These medications are not covered under the plan, and you will be responsible for the total cost of the medication.

What do I do about change my drugs before I request an exception?

We strongly encourage you to check with your physician first to see if one of our formulary drugs in Tiers 1, 2, 3 or 5 will serve your needs before you ask for a tier exception. There are brand name drugs in Tier 4 that have many equivalents in our Tiers 1, 2, 3 and 5.

Show the Iron Road Formulary book to your physician or look at www.ironroadhealthcare.com to see if one of our drugs on the formulary Tiers 1, 2, 3 or 5 will serve your needs. Generally, OptumRx will only approve your request for an exception if the alternative drugs included in our other formulary tiers are not effective in treating your condition and/or causes side effects that make taking those medications difficult. You must show a good faith effort in trying medications already on the formulary before an exception will be given.

How do I request a tier or quantity limit exception to the formulary?

You or your physician can ask OptumRx to make a Tiering or quantity limit exception to Iron Road drug coverage rules. There can be no Tiering exceptions to Tier 1 generic or Tier 5 OptumRx specialty drugs.

- Show your physician the Iron Road drug formulary list and ask him or her to prescribe a similar drug that does not have coverage requirements. You or your physician can view or print a new formulary list from our website at www.uphealth.com.
- You or your physician can ask OptumRx at 1-800-626-0072 to cover a drug at a lower tier cost-sharing amount. OptumRx requires your physician’s written supporting medical and scientific documentation. The physician must show that the formulary tier drug being requested would be as effective as the lower tier drug in treating your condition and/or the formulary product on the lower tier would cause you to have adverse medical effects.
- Iron Road limits the amount we can supply in any one prescription and/or 30-day fill. You or your physician can ask OptumRx at 1-800-626-0072 to waive the quantity limit on your drug and cover more with your physician’s supporting statement explaining why the number of doses available has been ineffective in the treatment of your medical condition. When the quantity is increased by your physician, a new prescription is required.

2022 COMMERCIAL PLAN PRESCRIPTION CO-PAYMENTS

	TIER ONE	TIER TWO	TIER THREE	TIER FOUR	TIER FIVE
	\$	\$\$	\$\$\$	\$\$\$\$	\$\$\$\$\$
	Preferred generic drugs	Non-preferred generic drugs	Preferred brand drugs	Non-preferred drugs	Specialty drugs
Depot Drug*	\$3	\$10	\$20	\$75	NA
In-network retail pharmacies	\$15	\$20	\$40	\$100	NA
OptumRx Specialty Pharmacy	\$5	\$10	\$25	\$75	25%

PLEASE NOTE: ERMMB has a \$1700 annual drug cap. Tier Five prescriptions are drug cap exempt, but costs go toward the plan lifetime maximum.

*Applies to Depot Drug Mail Order and retail locations in North Platte and Omaha.

Co-payments listed are for 30-day supply.

- To request a Tiering or quantity limit exception you or your physician should contact OptumRx at 1-800-626-0072. Generally, OptumRx must decide within 72 hours of getting your prescribing physician's supporting statement. You or your physician can request an expedited (fast) exception if you or your physician believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, OptumRx must give you a decision no later than 24 hours after they get your prescribing physician's supporting statement.

If you have questions about the Iron Road Active & Early Retiree plans you can email us at help@ironroadhealthcare.com, or call Customer Service at 1-800-547-0421, Monday through Friday from 7:30 AM to 3:30 PM, Mountain Time. TTY/TDD users should call the national access number 711.

If you do not agree with the decisions made by OptumRx, you or your physician can appeal by calling them at 1-800-626-0072.

How to use the Iron Road Active & Early Retiree plans formulary book

The formulary book provides information about the drugs covered by Iron Road. If you have trouble finding your drug in the Medical Category List, do a control F and type in the drug name to search. Generic drugs are listed in lower-case italics within the formulary lists. Brand name drugs are capitalized in the formulary lists. Mail order pharmacy can only ship 90-day supplies of Tier 1 prescription drugs.

What are generic drugs?

Iron Road covers both brand name and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generic drugs usually cost you less than brand drugs and the FDA allows pharmacies to automatically substitute generic drugs for branded drugs. Generic drugs must meet the FDA's rigorous standards to be considered equivalent to the branded drugs.

What are branded generic drugs?

These are new to the market generic drugs that are distributed by a single source supplier. Branded generics can be as costly as the name brand drug that it is equivalent to. The supplier can have an exclusive contract for the branded generic for a period of 6 months.

What are brand name drugs?

Brand name drugs are defined as a drug that has a trade name and is protected by a patent and can be produced and sold only by the company that holds that patent. Brand name drugs have no generic equivalent.

What are specialty drugs?

Specialty drugs are high cost injectable, infused, oral, or inhaled drugs that generally require special storage or handling and close monitoring of the patient's drug therapy.

Specialty drugs are high in cost and are only supplied by a specialty pharmacy. Iron Road partners with OptumRx specialty to supply specialty drugs for our members.

Use your Iron Road ID card

If the actual cost of a drug is less than the Tier copayment amount for that drug, you will pay the actual cost plus dispensing fee, not the copayment amount! Some drugs would cost you less under this rule so make sure that you use your Iron Road ID card when obtain prescriptions through a contracted retail pharmacy.

Generic drug Tiers and copayments

Generic drugs have two Tiers. Tier 1 includes all low cost generic drugs. Tier 1 generic drug copayments remain the same at \$9 for a 90-day supply from Depot Drug Mail Pharmacy or \$15 for a 30-day supply from participating retail network pharmacies. You need to obtain 90-day supplies of Tier 1 drugs when using the Depot Drug Mail Pharmacy.

Tier 2 includes much more expensive generic drugs. Tier 2 generic drug copayments are \$10 for a 30day supply from the Depot Drug Mail Pharmacy and \$20 for a 30-day supply from participating retail network pharmacies.

Tier 5 OptumRx Specialty Pharmacy

If you are currently taking or newly prescribed a Tier 5 specialty drug, you must use OptumRx specialty pharmacy. Your physician can fax your prescription to OptumRx at 1-800-218-3223, or you or your physician can call OptumRx at 1-800-850-9122. OptumRx has trained specialists to help you and your physician obtain and manage your specialty drug through your course of treatment. You will be charged 25% co-insurance minus any available manufacturer, state or other assistance programs.

How to find your drug within the formulary list

MEDICAL CONDITION (THERAPEUTIC CATEGORY) LIST

Medical conditions are listed alphabetically, and the drugs used to treat those conditions are also listed alphabetically by name. For example, drugs used to treat pain are listed under the category Analgesics and then alphabetically by name. You can also locate the drug by using Control F and search by the drug name.

Using drug Tiers

You may view or print a detailed formulary list on our website at www.ironroadhhealthcare.com, or call Customer Service at 1-800-547-0421 for more information. Following is a description of the types of drugs included in the formulary Tiers available under the Iron Road Active & Early Retiree Plans plan:

- TIER 1: Preferred Generic drugs. You pay just \$9 for a 90-day supply of any Tier 1 generic drug from the Depot Drug Mail Pharmacy. Generic drugs appear in italicized small letters.

- TIER 2: Generic drugs. This includes higher cost generic drugs that are not in Tier 1. Generic drugs appear in italicized small letters.
- TIER 3: Preferred Branded Generic & Brand Name covered drugs. Brand Name drugs appear in capital letters.
- TIER 4: Non-Preferred Branded Generic & Brand Name covered drugs that are not included in Tier 3. The other drug tiers include many other drug options in place of these Tier 4 drugs.
- TIER 5: Specialty drugs. These medications must be obtained through OptumRx specialty pharmacy. You or your physician can call OptumRx at 1-800-850-9122 or fax your prescription to 1-800-218-3223. OptumRx has trained specialists to help you manage your specialty drug through your course of treatment. Tier 5 specialty drugs require prior authorization (PA) through OptumRx at 1-800-626-0072. The costs for specialty drugs will not apply to the yearly prescription drug cap for Early Retirees. The cost does apply to the lifetime maximum benefit amount for Early Retirees. The cost of the drug will not accumulate towards yearly maximum out of pocket expenses. You will be charged 25% co-insurance minus any available manufacturer, state or other assistance programs.
- Tier E: Excluded Drugs. These medications are excluded from the formulary, and you will be responsible for the full cost of the medication.

Column Descriptions in the Medical Condition formulary list

- DRUG CLASS: This is the Medical Condition the drug is assigned to. Drugs are listed alphabetically in their Drug Class and the drugs within the class are listed alphabetically by name.
 - DRUG NAME: This is the name of the drug that is covered on the Iron Road formulary.
 - COPAYMENT TIER: This is the Tier placement for the drug. Tier levels define your copayment amount for that drug. See the Copayment Chart on a previous page of this book.
 - BENEFIT INDICATOR: This column provides additional coverage information for certain drugs.
- LB (Lifetime Benefit): Iron Road provides certain specialty drugs only once per lifetime. The course of treatment must be completed. OptumRx Specialty must be notified at 1-800-850-9122 if you plan a course of treatment with one of these drugs.
 - PA (Prior Authorization): Iron Road requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval through OptumRx at 1-800-626-0072 before you fill your prescriptions. If you don't get approval, Iron Road may not cover the drug.
 - RO (Retail Only): There are certain drugs that Depot Drug Mail Pharmacy does NOT supply. Because of complex requirements applied to dispensing these drugs, Iron Road has determined that it is in our member's best interest to have these drugs supplied through your local participating retail network pharmacy and not in the mail.
 - QL (Quantity Limit): For certain drugs the amount we can supply in any one prescription or fill within 30 days is limited either by regulations or Iron Road

determinations. Quantity limits are set for your protection. The QL indicator identifies these drugs. For example, a drug with QL 18/30 means that 18 tablets in 30 days are allowed, or the prescribed amount if fewer than 18.

- **ST (Step Therapy):** In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover drug B unless you try Drug A first. If Drug A does not work for you, then we will cover Drug B.

Column Descriptions in the Alphabetical List

- **DRUG NAME:** This is the name of the drug that is covered on the Iron Road formulary in alphabetical order.
- **PAGE:** This is the page number where you go to find the coverage information for that drug in the Medical Condition List.

The Participating Retail Chain Pharmacies List

This is an alphabetical list of the more common Retail Chain Pharmacies that are participating with Iron Road at the time this book is printed. All participating retail network pharmacies are not on this list. The Iron Road national participating retail pharmacy network is vast and includes Retail, Indian Health Service/Tribal/Urban Indian Health Program (I/T/U) pharmacies, Long Term Care, and Home Infusion pharmacies too numerous to list. When you present your Iron Road ID Card, the pharmacy can tell you if they are participating from the information on the front and back of your card. Most pharmacies in America are participating with Iron Road. If you have questions, please call Customer Service at 1-800-547-0421 or you can go to www.optumrx.com to look up contracted pharmacies near you.

Nondiscrimination

Iron Road Healthcare does not discriminate based on race, color, national origin, sex, age, or disability in certain health programs or activities. Section 1557 builds on long-standing and familiar Federal civil rights laws: Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975. Section 1557 extends nondiscrimination protections to individuals. Section 1557 has been in effect since its enactment in 2010 and the HHS Office for Civil Rights has been enforcing the provision since it was enacted.

If you believe that we have failed to provide these services or discriminated in another way based on race, color, national origin, age, gender, disability, or sex, you may send a complaint to:

Iron Road Civil Rights Coordinator
1040 North 2200 West Suite 200
Salt Lake City, UT 84074
Phone: 1-800-547-0421, TDD 711
Fax: 1-801-595-2069
Email: Help@ironroadhealthcare.com

If you need help filing a complaint or need this information in another format like large print, please call our Member Services at 1-800-547-0421, TTY 711. A representative will be able to assist you. You can also file a complaint directly with the U.S. Dept. of Health and Human services online, by phone, or by mail:
